Maker Notes & Tips:

- Always check your gauge before starting any of the `crochet finger puppet patterns` to ensure your finished puppets are the intended size and your stitch definition is consistent.
- When working in rounds for these `Finger Puppet Patterns`, work continuously without joining. Use a contrast length of yarn between the last and first stitch of each round to mark the beginning, making it easy to keep track of your progress.
- Using a medium/worsted weight yarn like RED HEART® Super Saver® will give your puppets good structure. Maintain a consistent, relaxed tension for neat, even stitches that will stand up to playtime.

FINISHING, BLOCKING & GARMENT CARE

Assembly & Weaving Ends

Once all your crochet finger puppet patterns are complete, it’s time for assembly! Carefully sew all the individual pieces (arms, hats, etc.) to their respective bodies using your yarn needle. Take your time to align everything perfectly. Securely weave in all remaining yarn tails on the wrong side of your puppets to create a tidy and durable finish, ready for hours of play.

Shaping for Play

While traditional blocking isn't typical for amigurumi, you can gently shape your finished finger puppets with your hands. Gently press and mold them to ensure their features are prominent and their little bodies are well-formed. This helps them stand up beautifully for display or fit snugly on a finger for storytelling.

Washing & Home Care

To keep your adorable `Blue Crochet Finger Puppet` and friends looking fresh, hand-wash them gently in cool water with a mild, wool-safe detergent. Avoid harsh scrubbing to protect the stitches and any embroidered details. Gently squeeze out excess water, then roll them in a clean towel to absorb more moisture. Lay them flat on a clean, dry surface, away from direct sunlight, to air dry completely. These `Crochet Finger Puppet Pattern` creations will be cherished for years with proper care!
